Product discontinuation for TRAY packing

Dear Customer,

This is to inform that the production of TDC-GP2 device packing on TRAY (material ID 501900001, MOQ 490 pcs) cannot be supported any longer. Reason for that is that the total demand for the TRAY packing has declined to such a level that an economic production can no longer be warranted.

From now on the product TDC-GP2 QFN32 is only in TAPE & REEL packing available.

Material ID	Description	Packing	MOQ / pcs	Status
501900003	TDC-GP2 QFN32 LF T&R 2k	TAPE & REEL	2000	active
501900001	TDC-GP2 QFN32 LF TRA	TRAY	490	discontinued

A limited number of tray-packaged parts are available on stock. It can be offered on first come-first serve basis for last order placement (immediate shipment) until October 31, 2019.

Please contact your respective Sales Representative if you are interested in an offer.

If you do have further questions, please do not hesitate to contact me.

Best Regards,

Kai Wabersich
