## Change Notification CN06-2019

### Packing specification change for ENS210-LQFM

Dear Customer,

ams AG has to update the pack specification for ENS210-LQFM from the current vacuum pack (no air applied during vacuum, only seal) to the standard vacuum pack (with air applied, MBB compact).

**Reason for change:** Move to standard packing procedure

**Timing of change:** Effective immediately

**Impact on Product :** No impact on the product as there will be no change in terms of form, fit, function, and reliability of the devices.

Best Regards,

A handwritten signature in black ink, appearing to read 'D. Gleispach', written over a light blue grid background.
