## Move of Test & Logistics from Nuremberg to Focuz

Dear Customer,

ams AG is pleased to inform you about the upcoming changes on the NanEye products.

ams AG will move the test & logistics activities from the Nuremberg site to subcontractor Focuz Manufacturing in Thailand.

This will involve the following detailed changes:

- The cable and connector of our Naneye products will be procured by Focuz, but will not change (same vendor, same product). Therefore, incoming verification will move from ams Nuremberg to Focuz. There is no change in the inspection process.
- ams final products will be shipped directly from Focuz to the customer.
- The outside packing, inside packing and label may change.

### Impact on product

No impact on product. No changes in terms of form, fit, function, quality or reliability. As the same BOM parts (from the same vendor) and processes are used, the assembly process does not change.

### Impact on delivery schedule

No impact on delivery schedule. The shipments out of Nuremberg will continue until the new supply chain is released.

### **Impact on packing & shipment**

The outside packing, inside packing and label may change. The ship-out location will change from ams Nuremberg to Focuz Manufacturing.

**Affected products:** Please refer to product list on page 3

### **Traceability**

The ams ERP system assures the traceability by batch ID.

### **Implementation date and schedule**

ams expects to release this change end of June 2019.

Please be advised that unless we receive your written refusal concerning this change notification within 30 days, the change notification shall be deemed accepted. If you do have further questions, please do not hesitate to contact our customer support team at any time.

Best regards,
