

SL900A – Update Note

Dear Customer,

Thank you for your interest in ams products. Additional information regarding the demo kit and the SL900A device can be found on the FTP site listed below:

URL: <http://www.space4ams.at/user/SL900A/default.php>

User: SL900A

Pass: 5U900a2qwD

SL900A is an EPC sensory tag and data logger IC for contactless metering such as cold supply chain monitoring.

Please note that the recommended interrogators which support the cool-Log™ command set, special to SL900A are the AS3993 demo kit readers:
