ams Statement of Compliance to EU Packaging Directive 94/62/EC

ams AG, on the basis of the best available information provided by our suppliers, declares that all packaging materials produced by our suppliers for and delivered to ams AG and its customers are compliant with the **EU Packaging Directive 94/62/EC** and its amendment, **Directive (EU) 2018/852**. The defined threshold limits of lead, chromium VI, cadmium, and mercury (concentration of heavy metals in packaging and packaging materials below 100 ppm) according to the directive are not exceeded.

As in article 3 of the **EU Packaging Directive 94/62/EC**, (“packaging” shall mean all products made of any materials of any nature to be used for the containment, protection, handling, delivery and presentation of goods) this should cover all types of packaging delivered directly to customers by ams AG and its qualified suppliers.

The full packaging directive details and more information can be viewed here:
