**Subject: End of Life Notification Plano Test Site**

Dear customer,

This is to inform that ams AG will discontinue the production of the devices listed on the following pages of this notification.

**Reason for EOL:**

- Discontinuation of ams Test Site in Plano, Texas (all products affected).
- Discontinuation of filter line at UMC, Taiwan (only some products affected, see details on the table below).

We will of course continue to support already placed orders and would like to give you the possibility to place your last time buy orders until October 15<sup>th</sup> 2021. Last shipment will be done by the end of July 2022.

We are sorry for any inconvenience this may cause to you and hope that one of our other devices will fit into your application. Our application team will be pleased to support you in evaluating the situation.

Kind regards

Reinhard Rogy  
Director Operations  
Division Advanced Opto Sensors
