Product discontinuation

Dear Customer,

Although product lifetime and delivery period at ams AG are longer than at many other suppliers in the semiconductors industry, we are sorry to announce that further production of

“CMV12000HG-1E5M1PA” (ordering code: 301990004)

“CMV12000HG-1E5C1PA” (ordering code: 301980004)

cannot be supported any longer., and will be replaced by newer-generation products of similar function (please refer to page 2).

Reason for this change is that the underlying technology is nearing its end and the total demand has declined to such a level that an economic production can no longer be warranted. We therefore ask for your kind cooperation in phasing out of this product. To make the phase out as convenient as possible for you, we are pleased to offer the following conditions:

- Last possible order placement: December 31, 2017
- Last shipment: December 31, 2018
- Minimum order quantity: 25 pcs
Due to possible yield variances a quantity deviation of +/- 10% has to be accepted by the customer for the last time buy.

Replacement product:

“CMV12000-2E5M1PA” ([ordering code: 302010004](#))

“CMV12000-2E5C1PA” ([ordering code: 302000004](#))

This product offers similar features at an enhanced technology. Please see the application note for detailed information. Samples are available upon request.

For any further questions (e.g. definition of an EOL agreement) please feel free to contact me at any time.

Best regards,

A handwritten signature in black ink, appearing to read 'D. Gleispach'.
