Product discontinuation

Dear Customer,

Although product lifetime and delivery period at ams AG are longer than at many other suppliers in the electronics industry, we are sorry to announce that further production of

CCS803 (all versions reflected)

cannot be supported any longer.

We would therefore like to ask for your kind cooperation in phasing out these products. To make the phase out as convenient as possible for you, we would like to agree on a delivery plan for your EOL orders with the following conditions:

- Last possible order placement: 31.03.2017
- Last shipment: 30.06.2017

We are sorry for any inconvenience this may cause to you and hope that one of our other products will fit into your application. Our engineering team will be pleased to support you in evaluating the situation.

Please be aware, that all last possible order placement details have to be checked with ams AG previously.

Best regards,

A handwritten signature in blue ink, appearing to read 'Paul Wilson'.
